

Rotarex, since 1922

With over 85 years of experience, we can proudly say that we are able to offer products with the quality, innovation and service that our customers all over the world are looking for.

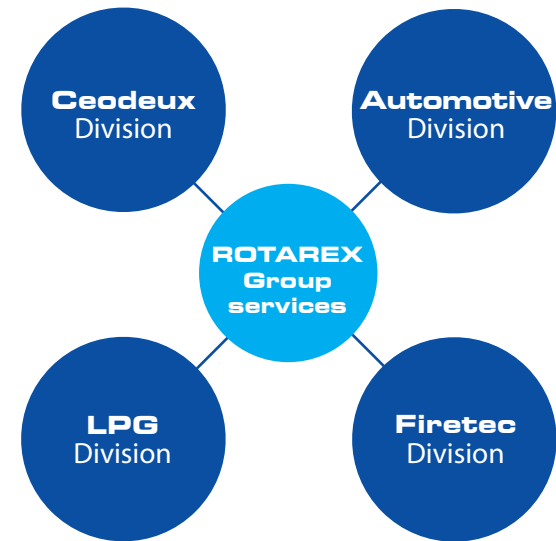

Our strength is our integrated production process as well as a state of the art R&D center combined with our global presence where we fulfill our customer need.

We engineer "made to order" products and provide our customers with ever more innovative and qualitative solutions.

I would like to take this opportunity to sincerely thank all our customers for their long term loyalty.

Chairman
J-C Schmitz
